## The Retro-Logic Game

In the summer of 2023, we decided to create an indie app on the quirky Greek island of Ikaria. **Sisiban**, the retro-logic game for [iPhone](#), [iPad](#), and [Mac](#), is out now.

The rules are simple:

- 1) No more than 2 black or white stones in a row
- 2) No 4×4 squares of the same colour
- 3) Every row and column has the same amount of blacks and whites

What makes Sisiban stand out?

- Unique concept
- Simple rules
- Accessibility
- Intuitive, stylish retro design
- Love for detail
- Ad-free experience/free games
- Highly addictive
- Curated challenges
- Unique game titles
- Multiplayer mode
- Advanced leaderboards + ranks
- 4 sound sets

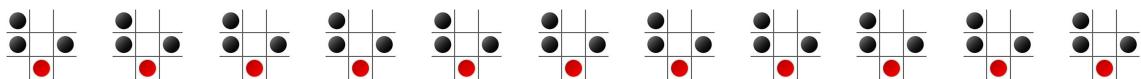

In-App Purchase Options:

- Individual game packages: available for \$/€/£0.99 to \$/€/£1.99.
- **Unlock Everything Forever:** a one-time payment of \$/€/£19.99 unlocks all current and future content.

Sisiban offers a mix of style, strategy, and endless fun. Dive into the world of black and white stones, and see if you have what it takes to become a Sisiban Tennō! New packs and features are added regularly.
